BELMONT'S GRAFT.
August Belmont is said to have increased his wealth by from \$12,000,000 to \$16,000,000 last year. This is something more than \$4,000,000 a month and any man who finds his stock of this world's goods piling up on such a scale at that is liable to have some attention paid to him, even in a district that has his Rockefellers and Morgans.

CHILDREN WHEN TEETHING.
This is the most dangerous age in the life of a child. At this time they have more or less diarrhoea, which weakens the system and renders the child more susceptible to disease. Any unusual looseness of the bowels should be promptly controlled, which can be done by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy, with an occasional dose of castor oil to cleanse the system. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

Nature gave an ideal environment to the name of Rainier Beer, fields of waving grain, vineyards of perfect hops, streams of pure water and last but not least a knowledge of how to make better beer. The best beer from the best place.

THE COUNTY ACT TEST CASE

The Supreme Court resumed the county act hearing Monday at half past one. Henry E. Highton quoted portions of the brief which deal with the taking away of duties of Territorial officials provided for in the Organic Act, claiming that the present act, as was claimed of the last act, goes farther in changing the prescribed duties of such officials than is allowed by the Organic Act's proviso that the legislature may "modify" such duties. Judge Gear's decision was also quoted for the benefit of the court and opposing counsel Gear being among the latter.

Highton proceeded with a discussion of the organic act's provisions and the provisions of Hawaiian law, regarding the duties of territorial officials. He claimed that the county act did not merely "modify" the duties of such officials, but revolutionized the entire system of offices.

When court adjourned it was to Wednesday morning.
